## About The Journal of International Advanced Otology

The Journal of International Advanced Otology (J Int Adv Otol) is a peer-reviewed, open-access, online-only journal published by the European Academy of Otology and Neurotology and the Politzer Society.

The Journal of International Advanced Otology is a bimonthly journal that is published in English in January, March, May, July, September, and November.

### Journal History

As of 2009, the journal has changed its title to Journal of International Advanced Otology.

Current Title (2009 - ...)

Journal of International Advanced Otology

EISSN: 2148-3817

Previous Titles (2005 - 2008)

Mediterranean Journal of Otology

ISSN: 1305-5267

### Abstracting and Indexing

The Journal of International Advanced Otology is covered in the following abstracting and indexing databases;

- Web of Science-Science Citation Index Expanded
- PubMed/Medline
- PubMed Central
- CNKI
- EBSCO
- PROQUEST
- DOAJ
- SCOPUS

All content published in the journal is permanently archived in Portico.

### Aims, Scope, and Audience

The Journal of International Advanced Otology aims to publish studies of the highest scientific and clinical value and encourages the submission of high-quality research that advances in otology and neurotology.

The Journal of International Advanced Otology covers a wide range of topics related to otology, neurotology, audiology (excluding linguistics) and skull base medicine. The journal is interested in publishing original research that addresses important clinical questions and advances the understanding and treatment of these conditions. This may include studies on the effectiveness of different treatments, new diagnostic tools or techniques, and novel approaches to preventing or managing orthopedic and traumatic conditions.

The Journal of International Advanced Otology publishes clinical and basic research articles, case reports, reviews, systematic reviews and meta-analyses, short reports, video reports and letters to the editor. Conference proceedings may also be considered for publication.

The target audience of the journal includes physicians and academics who work in the fields of otology, neurotology, audiology and skull base medicine.

### Open Access Policy

The Journal of International Advanced Otology is an open access publication.

Starting on April 2019, all content published in the journal is licensed under the Creative Commons Attribution-NonCommercial (CC BY-NC) 4.0 International License which allows third parties to use the content for non-commercial purposes as long as they give credit to the original work.

JIAO

# The Journal of International Advanced Otology

This license allows for the content to be shared and adapted for non-commercial purposes, promoting the dissemination and use of the research published in the journal.

The content published before April 2019 was licensed under a traditional copyright, but the archive is still available for free access.

All published content is available online, free of charge at <https://www.advancedotology.org/EN>.

Authors retain unrestricted copyrights and publishing rights in The Journal of International Advanced Otology.

When using previously published content, including figures, tables, or any other material in both print and electronic formats, authors must obtain permission from the copyright holder. Legal, financial and criminal liabilities in this regard belong to the author(s).

#### Copyright Policy

A Copyright Agreement and Acknowledgement of Authorship form should be submitted with all manuscripts. By signing this form, authors agree that the article, if accepted for publication by The Journal of International Advanced Otology, will be licensed under a Creative Commons Attribution-Non Commercial 4.0 International License (CC BY-NC 4.0) which permits third parties to share and adapt the content for non-commercial purposes by giving the appropriate credit to the original work.

When using previously published content, including figures, tables, or any other material in both print and electronic formats, authors must obtain permission from the copyright holder. Legal, financial and criminal liabilities in this regard belong to the author(s).

Authors retain unrestricted copyrights and publishing rights in The Journal of International Advanced Otology.

#### Publication Fee Policy

The Journal of International Advanced Otology is funded by the European Academy of Otology and Neurotology and the Politzer Society. Authors are not required to pay any fees during the evaluation and publication process.

#### Disclaimer

The statements or opinions expressed in the manuscripts published in the journal reflect the views of the author(s) and not the views of the editors, editorial board, and/or publisher. The editors, editorial board, and publisher are not responsible for the content of the manuscripts and do not necessarily endorse the views expressed in them. It is the responsibility of the authors to ensure that their work is accurate and well-researched, and the views expressed in their manuscripts are their own. The editors, editorial board, and publisher simply provide a platform for the authors to share their work with the scientific community.

You can find the current version of the Instructions to Authors at <https://www.advancedotology.org/en/instructions-to-authors-1016>.
